House Select Committee on Hunger

SUBJECT: Questions on Ethiopia

1. What is the role in Mengistu's security apparatus of advisors or agents from the German Democratic Republic?
2. What implications do the political changes in the German Democratic Republic have for Mengistu's future?
3. Are there any indications that the status or role of GDR security advisors in Ethiopia might be changing?
4. Is it likely that a new government in East Germany will withdraw the advisors, and if so would they be replaced by other foreign advisors?
5. If Mengistu's security apparatus is left to its own resources, what implications would this have for his security and the stability of his regime?
